Aloha FCC Commissioners,

Subject: Response to FCC orders on Sandwich Isles Communications, WC Docket No. 10-90

I am writing in support of Sandwich Isles Communications (SIC), which provides basic phone and Internet service to underserved and unserved homesteaders. These services are critical in today's society, and SIC has been providing them exclusively to homestead areas, including those in remote and sparsely populated areas that other companies did not want to serve. I understand that SIC has complied with industry standards and accounting practices, following the recommendation of national consultants. Please ensure that native Hawaiians are able to benefit from the federal programs that assist to provide today's technology at affordable prices by allowing SIC to continue as their service provider.

Sincerely,
